shipping weight: 0.50 kg
Manufacturer: Carson

Product Description

Police Jeep with blue lights and siren! Crime doesn't stand a chance off-road with the 1:12 scale CARSON Jeep Wrangler Police! This is ensured by a locked rigid axle, an impact-resistant and robust body and a powerful electric motor that drives the Jeep. The rubber tyres with a good grip give the RC off-roader the necessary traction. The massive front bumper as well as front and rear lighting round off the beefy appearance. The remote-controlled CARSON Jeep Wrangler Police also has a blue light and a siren that can be switched via the transmitter. It comes with an interference-free 2.4 GHz remote control system, transmitter batteries, drive battery and charger and is ready to go straight after charging. Buy - Charge - Drive!

ATTENTION! We reserve the right to make colour and technical changes. Not suitable for children under 8 years of age. Only use under the supervision of adults who have read the enclosed instructions. Read the instructions together with your child before using the product! Use only in domestic areas (house and garden).
