Product Description

TAMIYA presents the Fiat Abarth 1000 TCR Berlina Corse on the MB-01 chassis. The 58721 TAMIYA 1/10th scale model is based on the MB-01 M chassis. With this chassis, both the type of drive (front or rear engine) and the engine position (front, rear, low/high) can be freely selected. The drive is provided by a powerful 540 electric motor and the wheels have independent suspension. Required accessories: Remote control with receiver, steering servo, 7.2V NiMH battery pack, charger, paint for polycarbonate body (TAMIYA PS-). ATTENTION! Before you start assembling the model, you should have read and understood all instructions. If a child is assembling the model, a supervising adult should also have read the assembly instructions. Tools including knives are used when assembling the kit. Extra care should be taken to avoid injury. If any difficulties arise during assembly, ask an adult to supervise the work or a modeller with RC experience or a specialist dealer. Use tools only for their intended purpose. Incorrect use may result in injury. If you use paints and/or glues (not included in the kit), note and follow the instructions supplied with them. Keep kit away from small children. Prevent children from putting any components in their mouths or putting plastic bags over their heads.
