300056348 - RC Car, 1:14 RC MB Actros 3363 Giga Sp. 6x4

from **502,06 EUR**

Item no.: 370989
shipping weight: 3.00 kg
Manufacturer: TAMIYA

Product Description

With the Mercedes-Benz Actros 3363 6x4 GigaSpace, TAMIYA is expanding its RC truck series with another German 3-axle tractor.

With the 53.8 cm long and around 3 kg heavy kit model, impressive combinations can be put together.

Under the forward tilting cab you will find the proven and robust Tamiya truck technology. A powerful electric motor delivers its power to the two rear axles via a shiftable 3-speed gearbox.

A detailed aluminium ladder frame gives the model the necessary stability and flexibility. Thanks to its high dead weight and a fifth wheel plate, the Mercedes-Benz Actros 3363 can be coupled with numerous TAMIYA and CARSON-MODEL SPORT trailers.

The original is powered by a 15.6-litre in-line 6-cylinder diesel engine (Euro 6 Bluetec) with 463 kW (630 hp) and can transport loads of up to 250 tonnes. The Mercedes-Benz Actros 2 made its debut in 2011 and was voted "Truck of the Year" in 2012.

With the optionally available multifunction unit (300056523), almost all sound and light functions of the prototype can be simulated.

Required accessories:

- 6-channel remote control (recommended Carson Reflex Stick) 1x steering servo
- 1x switching servo
- Battery
- Charger
- Batteries for transmitter
- Optionally, the TAMIYA multi-function unit MFC-03 (300056523) is recommended for operation

Matching LEDs (3 mm white) for lamp brackets:

- Top: 1x 317175097 (2), 3x 307175099 (1)
- Bottom: 2x 317175097 (2)

WARNINGS:

The instructions should be read and understood in full with an adult. Keep away from small children. Do not allow children to put any parts or packaging material in their mouths. The model may have some sharp corners. Be aware of this when handling. Read the instructions included with the RC unit and keep them for future reference.

If difficulties arise during assembly, ask an adult to supervise the work or a modeller with RC experience or specialist dealer.

Use tools only for their intended purpose. There is a risk of injury if used incorrectly.

If you use paint and/or glue (not included in the kit), observe and follow the instructions enclosed with it. Keep kit away from small children. Prevent children from putting any components in their mouths or putting plastic bags over their heads.

Caution: Not suitable for children under 36 months.

- Scale 1:14
- Not assembled
- Detailed replica of the air pressure tanks and battery box
- Detailed replica of the fuel and AdBlue tanks
- Detailed reproduction of the catwalk with photoetched parts
- Reproduction of the exhaust with integrated storage compartment
- Chrome-plated compressed air fan
- Roof lamp holder / lamp holder bumper
- Side marker lights (retrofitable)
- Aerodynamic and replica chrome package with bump bar
- Prototypical 2-axle drivetrain
- ABS injection moulded body
- Tilttable driver's cab (forwards)
- True to original interior
- Wing half shells removable
- Aluminium ladder frame with plastic connectors
- Rear axle with metal bevel wheels
- Metal bevel gear differential
- 3-speed manual gearbox
- Saddle plate (fits all Tamiya and Carson trailers)
- Leaf spring packages with shock absorbers on front and rear axle
- Aluminium front axle
- Aluminium drive shafts
- Electric motor type 540
- Dimensions: Length 53.8 cm, width 19.5 cm, height 30.5 cm
- Weight: approx. 3 kg
- RC vehicle, RC truck, Mercedes-Benz truck, decor
- Age recommendation: from 14 years

Scope of delivery:

- Model kit made of photo-etched parts
- Versch. Decor accessories
- Decals and decoration
- Step by step assembly instructions incl. pictures

Additional tools, glue and paint are not included in the delivery. These must be purchased as an option.
The parts can be painted according to your own ideas.
