Product Description

Go wild! The Wild Willy 2000 is the legend among the TAMIYA Wheely Cars. The original model was first released back in 1982 and today, thanks to the Wheely Bar, it still performs metre-long wheelies - action on the rear wheels! The included driver figure completes the look of the kit model. The Jeep has 2WD rear-wheel drive and off-road balloon tyres, so boundless driving fun is guaranteed.

2WD kit model, WR-02 chassis, pre-assembled gearbox unit with 540 electric motor, electric speed controller, ABS body. ABS body with driver figure, 115mm monster tyres, chromed rims, wheelie bar, independent suspension, monocoque chassis, suspension struts, massive front bumper, instructions.

WARNINGS:

- Before you start assembling, make sure you have read and understood all the instructions. If a child is assembling the model, a supervising adult should also have read the assembly instructions
- Tools including knives are used when assembling the kit. Extra care should be taken to avoid injury
- If difficulties arise during assembly, ask an adult to supervise the work or a modeller with RC experience or specialist dealer
- Use tools only for their intended purpose. There is a risk of injury if used incorrectly
- If you use paints and/or glues (not included in the kit), observe and follow the instructions enclosed with them
- Keep kit away from small children. Prevent children from putting any components in their mouths or putting plastic bags over their heads

Accessory Note:PS paint (TS for ABS/PE bodies) RC system, batteries and charger sold separately.

Caution:Not suitable for children under 3 years. Choking hazard due to small parts.
