Product Description

The stand model is a replica of the Suzuki GSX1100S Katana exhibited at the motorbike show in Cologne in 1980, which attracted attention at the show for its aggressive body style. Many onlookers were impressed by the body style, but thought that this vehicle would not appear in this form, but that the motorbike was a special production in 1980. The Honda was then released in 1981 and remained true to the body features, apart from a few chassis and engine adjustments, the GSX1100 appeared exactly as it was displayed at the show.- Detailed 1/6th scale model kit- This high quality kit from TAMIYA requires self-assembly.- Self-assembly is guided with the aid of step-by-step or illustrated assembly instructions. The assembly instructions are of course included in the delivery.- Based on the assembly instructions, the precisely fitting individual parts must be assembled. The parts can be painted according to your own ideas.- Tools, glue and paint are not included in the scope of delivery of the plastic kit. These must be purchased as an option.Caution! Not suitable for children under 36 months.
