from **47,08 EUR**

Item no.: 370439
shipping weight: 1.00 kg
Manufacturer: ITALERI

Product Description

The floor model is a replica of the Tecnokar tank trailer which has ensured the highest possible efficiency in the transport of liquids. The sturdy steel frame of a three-axle system of the Italian company can be used to load a 20" tank ideally in the container intermodal logistics. It can meet the needs of complex and integrated logistics companies introducing an intermodal transport solution for liquid goods. This is becoming increasingly important considering that in recent years the intermodal transport solution of liquids, especially liquids for the food industry, is a "must" to ensure reliability and compliance with the delivery time.- Detailed model kit in scale 1:24. The floor model has dimensions: Length: 28.8 cm- The high-quality kit from Italeri has to be assembled by yourself.- The independent assembly is accompanied by step-by-step or illustrated assembly instructions. The assembly instructions are of course included in the delivery.- Based on the assembly instructions, the precisely fitting individual parts must be assembled. The parts can be painted according to your own ideas.- Tools, glue and paint are not included in the scope of delivery of the plastic kit. These must be purchased as an option.Caution! Not suitable for children under 36 months.

- Contents: Kit, instructions, decor- Recommended age: 14 years and over
