Product Description

The stand model is a recreation of the Vietnam War, with the help of a battle set. The political-military escalation in the 1960s in Southeast Asia led to one of the longest and most complex conflicts in recent history. The United States supported the South Vietnamese government against North Vietnamese regular troops flanked by the People's Liberation Forces, commonly known as the Viet Cong. The ground war began in 1965 and ended just ten years later with the fall of Saigon of the evacuation of the latest American soldiers. The long years of war, which began with an air campaign on North Vietnam, were characterised by clashes and fighting in a harsh rural environment with vegetation and a structure of villages that provided ideal conditions for guerrilla warfare.- Detailed 1/72nd scale model kit.- The high quality kit from Italeri must be self-assembled.- Self-assembly is guided with the help of step-by-step or illustrated assembly instructions.
