from **1,81 EUR**

Item no.: 365720
shipping weight: 0.10 kg
Manufacturer: Revell

Product Description

Revell Color is a synthetic resin enamel paint that does not attack the plastic surface of plastic models. However, many other materials can also be painted from the 14 ml paint can, which is popular with many hobbyists.

All colours - except signal colour - can be mixed with each other and thinned with Revell Color Mix.

This means that the paint can be applied not only with a brush but also with a spray gun. Use Revell Painta Clean for the brushes and Revell Airbrush Clean for the spray gun.

This colour tone is used:

- Together with Lufthansa blue, they form Lufthansa's house colours
- as colour for the circular area on the vertical stabilizer
- for markings and markings on helicopters of the German Armed Forces Army

- Lufthansa yellow, silk matt
- 14 ml
- RAL 1028
