from **129,02 EUR**

Item no.: 369252  
shipping weight: 2.00 kg  
Manufacturer: TAMIYA

### Product Description

TAMIYA presents the Mitsubishi Lancer Evo V, the reissue of the classic now on the TT-02 4WD chassis. The wheelbase, ground clearance, track and gear ratio can be adjusted in many ways and with the countless optional tuning parts the chassis can be quickly tuned into a racer. The 4WD drive with central shaft, double wishbones and spring struts on all four wheels ensure a prototypical driving image and best traction. The underside of the chassis is extra smooth and the battery compartment accommodates all common battery types. The visual highlight is the wheel hubs, which have attached dummy brake discs. The enclosed body is unpainted and can be painted with the TAMIYA polycarbonate colours. Caution! Not suitable for children under 36 months due to small parts which may be swallowed, choking hazard.
