Product Description

Tractor with the function of a wheel loader! The front loader drives on rough terrain and is equipped with rubber tyres with a true-to-the-original tread pattern. The agricultural vehicle in 1:16 scale includes many details with the latest technology such as the interference-free 2.4 GHz multi-channel remote control, sound and light, engine sounds. The remote control system controls functions such as lights, horn and engine sound. The front loader can lift and lower loads up to 200g. The bucket can also be raised and lowered via the transmitter. The built-in Li-Ion drive battery allows a driving time of up to 50 minutes. The tractor is fully equipped with transmitter, transmitter batteries, drive battery, charger and instructions and is ready to start immediately after charging. Buy - charge - drive! ATTENTION! Not suitable for children under 3 years. The packaging must be kept as it contains important information. The illustrations may differ from the product in the packaging. TAMIYA-CARSON reserves the right to make improvements and changes at any time.
