Product Description

The floor model is a replica of the Scania T143H 6x2. The Scania R143H 6x2 is a strong, reliable truck that can transport heavy loads over long distances. The V8 engine is Europe's most powerful and reliable truck engine, delivering high revs with low fuel consumption. The R-type cab with its rounded edges and sloping windscreen was developed in a wind tunnel. It also meets the strictest safety regulations. Scania trucks are used in more than 60 countries around the world, from Lapland to Australia.
