### Product Description

Ready for heavy haulage! The CARSON 3-axle flatbed trailer in 1:14 scale is the perfect addition to all TAMIYA tractors. The kit model with torsion-resistant steel frame and a solid front wall made of aluminium impresses with rich detail, high-quality high-end workmanship and a terrific look. Highlights are the new trailer axles (standard/+8mm height adjustment), ball-bearing chrome rims with wide tyres, the spare wheel holder made of steel, 16 integrated/recessed lashing eyes and the real wooden floor on the loading area. With the matching 1:14 conversion kit (N° 500907649), the flatbed trailer can be converted into a building material trailer with functional aluminium drop sides. Caution! Not suitable for children under 3 years. Choking hazard due to small parts.
