Product Description

Volvo wheel loader for young and old!The remote-controlled 1:16 wheel loader with Volvo branding is a versatile RC work vehicle for the garden construction site at home. The excavator bucket can be raised and lowered via the 2.4 GHz multi-channel remote control. The wheel loader also has sound and LED lighting. Via the integrated demo function, the construction site vehicle demonstrates all eight functions one after the other. The powerful nickel-metal hydride battery provides 30 minutes of driving fun with a charging time of 2 hours. The Volvo-branded RC wheel loader comes with a trouble-free 2.4 GHz remote control system, transmitter batteries, drive battery, USB charger and instructions and is ready to go straight after the first charge. Buy - Charge - Action!Safety noteNot suitable for children under 8 years. The packaging must be kept as it contains important information. The illustrations may differ from the product inside the packaging. CARSON reserves the right to make improvements and changes at any time.Caution!Not suitable for children under 3 years. Choking hazard due to small parts.
