Product Description

With the new Volvo FH16, Volvo is once again offering a truck in the heaviest segment. It is based on the FH series, which was launched in autumn 2001, but also features new technologies that can only be found in the Volvo FH16. The new Volvo FH16 is the most powerful, most comfortable and safest model ever built by Volvo Trucks. Highlights of the new model include an all-new 16-litre engine with an output of 610 hp, exclusive interior and body features and an advanced active safety system. The Volvo FH16 series is designed for the toughest transport tasks with high total weights and high average speeds in hilly terrain. ADDITIONAL CHROMED PARTS - NEW TYRES - CHROMED RIDGES Caution! Not suitable for children under 14 years.
