from **150,07 EUR**

Item no.: 369351
shipping weight: 0.50 kg
Manufacturer: Carson

Product Description

The sporty version of the Lancia Delta road model - the "HF" 4WD - is an icon among rally cars. The Delta HF was produced in the second half of the 1980s and competed in the World Rally Championship from 1987 to 1988, winning two world championship titles and finishing first in numerous races such as the prestigious Monte Carlo Rally and the San Remo Rally. The further development, the Lancia Delta Integrale, competed until 1993 and won a further 5 world championship titles. In addition to many aesthetic details such as the widened wings and the new air intakes on the bonnet, the engine of the HF Integrale was also improved. Thus, the power of the 2-litre (1,995 cc) turbo engine was increased to 185 hp in the road version, and in the final stage of development the rally version produced 250 kW (340 hp). The Lancia Delta HF Integrale dominated the World Rally Championship between the 1980s and early 1990s and led many famous drivers such as Miki Biasion, Didier Auriol or Juha Kankkunen to triumphs. The high-quality kit from Italeri has to be assembled independently. The independent assembly is accompanied by step-by-step or illustrated assembly instructions. The assembly instructions are of course included in the delivery. Based on the assembly instructions, the precisely fitting individual parts must be assembled. The parts can be painted according to your own ideas. Tools, glue and paint are not included in the plastic kit. These must be purchased as an option.

Details- Scale: 1:12- Recommended age: 14 years and up Technical data- Length: 326 mm Contents- Kit- Instructions- Decal Technical details- 100% new moulds- Highly detailed model- 2 super decal sheets with exterior markings and composite parts- Photo-etched parts and chrome plated parts- Accessory kit with hoses, screws and springs- Opening front and rear bonnet- Opening front doors- Highly detailed interiors- Faithful reproduction of the engine compartment- Working suspensions- Rubber tyres- Steering wheels
