Product Description

DC x Hro Limited-Edition - Dawn of DC In celebration of DC's year-long publishing initiative, "Dawn of DC", featuring new comics with Superman, DC's Titans, Shazam! Green Arrow, Wonder Woman, Cyborg, The Penguin, Green Lantern and more, Hro is proud to unveil its next limited edition hybrid! This 21-card "Dawn of DC" collection also includes our latest innovation: the Mega Card, which, for the first time, allows a physical Hro card to unlock a new digital set. Originally available on-site at San Diego Comic-Con 2023, this is your chance to grab the remaining packs while supplies last! LIMITED-EDITION COLLECTION There are 21 unique designs, each featuring fan-favourite characters who helped make the Dawn of DC crossover event an absolute comic book classic. HYBRID COLLECTION CARDS On the back of each physical Hro trading card is a QR code that links it to its digital Twin in the Hro mobile app, validated and secured by blockchain technology security. Once the physical and digital twins are linked, the Hro app and web platform provide buyers with access to a global marketplace where they can buy, sell and trade their entire collection. This innovative model also hosts a 360° fan engagement platform where users can compete for the rarest cards, climb to the top of the community leaderboards and unlock the chance to win special rewards. MEGA CARD First of all, they're BIG! Each Mega Card measures approximately 88 x 126 mm, which makes them stand out compared to full-size trading cards (they're also holographic, which makes them stand out too). What they can do is what really brings the word "Mega" to life: once you scan each Mega Card into the Hro Mobile App, it unlocks the redemption of a bonus "Dawn of DC": Titans Digital Pack. GUARANTEED HOLOGRAPHIC CARDS In addition to the holographic Mega Card guaranteed to be in every box, Hros will also find at least two other holo cards among the nine traditional designs... meaning you'll get at least three holos in every box! COLLECT Forge your legacy as more cards are released throughout the year that bring you closer to your favourite DC superheroes and supervillains and the places they call home. Connect with fans from around the world as you venture into the vast depths of the DC multiverse. BUY / SELL / TRADE To get to the top of the leaderboard, you'll need to hone your trading skills, either directly in the Hro Marketplace or outside it if you like. Negotiate with buyers, sellers and other traders to build your dream card assortment. All activity on the Hro platform is heroically backed by blockchain technology, which provides proof of authenticity and ownership for every asset, so you can trade with confidence no matter how experienced you are. CONCURRENT Search for the rarest cards, rise to the top of the global leaderboards and unlock the chance to win special rewards that will bring the multiverse to life. "DAWN OF DC" COLLECTION REWARDS Based on our October 1 snapshot, there will be up to four reward cards for Hros who join us on this adventure! This mix of Mythic and Hro tier designs will celebrate various achievements in the community, such as completing the full 21-card hybrid set, placing in the top 150 or 300 of the hybrid leaderboard, and/or placing in the top 300 of the digital bonus leaderboard for Dawn of DC: Titans. EXPERIENCE Celebrating your fandom has never looked like this! Our dynamic global community is taking collecting to the next level.... Be there as this new era unfolds by visiting the Hro platform daily to see how the DC multiverse continues to grow throughout the year. JOIN THE COMMUNITY Your voice, interests, knowledge and passion always come first in the Hro community. Every member helps the platform span borders and time zones, exemplifying the universal connection fostered by DC's unforgettable stories.
