Product Description

Café Barista is located in a lively pedestrianised area. It attracts customers with its cosy atmosphere, excellent coffee and rave reviews on social media. Your customers are looking forward to a relaxing break - but for you baristas, this means hustle and bustle at your counters ...In the family game Café Barista, many orders have to be prepared at the same time, and if you take too long, you will receive penalty cards and bad reviews. With your barista character, you collect ingredients for tasty coffee or tea drinks and complete orders to receive good reviews. The game ends when the pile of order cards is empty or someone has collected five or more penalty cards. Whether it's a caffè latte, espresso doppio or green iced tea - whoever is the most popular barista at the end of the game wins. Complete your orders in good time and prove yourself as a top-class barista!
