Product Description

The Medals expansion for the family game 7 Wonders Architects introduces two new wonders (the Colosseum of Rome and the Ziggurat of Ur), new progress markers and a new game element: Medals. Players share 2 medals each with their neighbours. The player who first fulfils the objective depicted on the medal earns it and the corresponding victory points. In the expert variant, there are 2 additional medals that all players can earn. This expansion adds new strategies to the 7 Wonders Architects base game, but the victory conditions remain unchanged. A 7 Wonders Architects base game is required to play this expansion.
