Product Description

Conflict of Nations: WWII Exclusive Set - Immerse yourself in history with these highly detailed tank models! Welcome to the Conflict of Nations: WWII Exclusive set, a unique opportunity for history enthusiasts and modelling enthusiasts. In this set you will find two first-class model kits in 1:72 scale - the legendary T-34/85 and the dreaded Tiger I. With a total of 317 parts, you can recreate these iconic tanks in great detail. The dimensions of these models are impressive, and their levels of realism will delight even experienced modellers. The precise reproduction of every facet of these tanks, from the distinctive gun barrels to the authentic paint finishes, guarantees a modelling experience of the highest standard. This exclusive set is aimed at modellers of all experience levels, whether beginner, intermediate or expert. It offers an educational experience for history buffs who are passionate about the tanks of the Second World War. These models are ideal for exhibitions, historical replicas and collections. Background information The T-34/85 and the Tiger I are tanks that have gone down in the history of the Second World War. The T-34/85, a symbol of the Soviet armaments industry, was known for its manoeuvrability and reliability. The Tiger I, on the other hand, was a feared German heavyweight that commanded respect with its thick armour and deadly firepower. Find out more about the fascinating history and crucial role of these tanks in our 80-page book included in this set.
