Product Description

The 3-axle dump truck Fliegl Stone Master is a precise and licensed replica of an actual round dump truck (half pipe) for construction site use. With the optionally available tipping mechanism, the skip can be tipped and unloaded. When lowering the skip, the rear wall is automatically secured with the 2-hook lock.

The kit is equipped as standard with a steel frame and a steel body including rear wall, an ABS working platform, half-round ABS mudguards, king pins, height-adjustable trailer supports, true-to-the-original air suspension dummies and a ball bearing set. The 7-chamber tail lights of the CARSON 3-axle dump truck Fliegl Stone Master can be retrofitted electrically.
