## Product Description

R.M.S. Titanic 1:700 scale kit - A detailed model for young and old alike

Immerse yourself in the history of the legendary R.M.S. Titanic with this impressive 1/700 scale kit. With 132 precisely machined parts and a length of 385 mm, this model of the Titanic is a real eye-catcher and is ideal for modellers aged 10 and over. Thanks to twist-proof components, assembly is simple and straightforward, so that even less experienced modellers can quickly achieve impressive results.

Numerous details such as a textured hull with planking, three propellers, detailed decks with wood plank structure, deck superstructure with openwork windows, lifeboats with davits, cargo cranes and detailed funnels give the model a realistic look. A display stand as well as a detailed decal complete the overall picture and make this model a real gem in your collection.
