from **28,14 EUR**

Item no.: 366309
shipping weight: 0.80 kg
Manufacturer: Revell

Product Description

The Cobra is the work of legendary US racing driver Carroll Shelby. He planted a 427 V8 engine bursting with power in the lightweight British sports car AC Ace, creating a venomous beast that shot from 0 to 100 km/h in just under 4 seconds. For many, the legendary light blue-orange of sponsor Gulf Oil is the most attractive paint scheme for the car.

- Kit with the big V8 engine
- Multi-part engine
- Lattice tube frame
- Chrome parts
- Originals are traded for over 1 million euros
