## Product Description

Experience the thrilling fascination of the race track in your own home with our Ford GT Le Mans 2017 model kit! Manufactured to scale in 1:24, this kit with its 88 highly detailed parts will make the heart of every model building enthusiast beat faster. The fully assembled kit measures a proud 204 mm in length, 94 mm in width and 47 mm in height. With an age recommendation of 12 years and older, this model kit is suitable for both young and older model building fans.

In addition to the model kit itself, the kit also includes comprehensive and easy-to-follow building instructions that guide you step-by-step to the finished model. In addition, a decal for all four vehicles of the racing team is included, so you can individualise your model as you wish.

The Ford GT Le Mans 2017 kit is suitable for both beginners and advanced model builders. Its detailed replica makes it the perfect display piece for your home or collection. The model is also perfect for playing and exploring.

**Special features:** This kit impresses above all with its lovingly and highly detailed parts. The multi-part engine and the two-piece body are just two of the many highlights of this set. **Background information:** The Ford GT is a legend in motorsport. After the grandiose victory in the 24 Hours of Le Mans in 1966, Ford achieved another great success with the brand new GT in 2017: it achieved the grandiose 2nd place in the GTE Pro class. With this kit, you hold a piece of this gripping history in your hands. Immerse yourself in the world of motorsport and discover the fascination of model building for yourself!
