Product Description

As an experienced modeller and lover of classic US sports cars, do you want to take your skills and passion for cars to the next level? Then the 1/8th scale Pontiac Firebird Trans Am kit is for you!

This Level 5 kit consists of 154 parts and offers a great challenge for experienced modellers. The model features a detailed multi-part V8 engine, movable bonnet and multi-part body. In addition, various chrome parts are included, such as rims, exhaust pipes and carburettor.

The Pontiac Firebird Trans Am was a very popular model in the 1970s and 1980s and was often used in feature films and series. The 1979 Firebird was the most successful model in the series and is still a real cult car today. With this kit you have the opportunity to build your own replica of the legendary car and add it to your collection.

This model is suitable for modellers aged 13 and over who already have experience in model building and are looking for a new challenge. If you want to show off your skills and build a detailed model of the legendary Pontiac Firebird Trans Am, this kit is for you.
