Product Description

Are you a lover of German technology and looking for the perfect addition to your model railway collection? Then the BR03 express locomotive in 1:87 scale is just the thing for you! This Level 5 model kit with 136 parts offers a real challenge for experienced model builders aged 13 and over.

The BR03 is a beautifully designed express locomotive that will be an eye-catcher in any collection. The detailed boiler with filigree engravings, the smoke box, the driving wheels and the push rods make this model kit particularly realistic and true to detail. The included tender and tender chassis offer even more possibilities for individual design.

This model kit offers the authentic representation of the following versions: Deutsche Bahn, Reichsbahn (003181 & 03 2214-9). With the BR03 express locomotive you can recreate a piece of German engineering history and add another highlight to your model railway layout.

Features:

- Detailed boiler with filigree engravings
- Smoke box
- Drive wheels and push rods
- Tender and tender chassis
- Authentic representation of the following versions: Deutsche Bahn, Reichsbahn (003181 & 03 2214-9)
- Scope of delivery:
- Plastic model kit (not assembled)
- Illustrated, multilingual building instructions

Background information: The BR03 express locomotive was developed by the Deutsche Reichsbahn in the 1930s and was one of the most important locomotives in the history of German rail transport. The BR03 was used for express service on the most important lines and was considered one of the fastest and most powerful steam locomotives of its time. Today, the BR03 is a sought-after collector's item and a symbol of the long and successful history of German rail transport.
