Product Description

One of the most widely used twin-engine bombers used in the war, the B-25, included the use of five .50-calibre machine guns mounted on the nose of the aircraft for ground support.

- Crew figures and weighted tyres
- Machine guns mounted in the glass nose of the aircraft
- The included decals can be used to build one of two variants: the 345 bomber group or the Air Apaches
- Cast in light grey and translucent material

Scope of delivery:

- Plastic model kit (not assembled)
- Illustrated, multilingual building instructions
- Decals

Attention: not suitable for children under 36 months!

- Scale: 1:48
- Age recommendation: 12+
- Number of parts: 147
- Length: 367 mm
- Wingspan: 425 mm
