Product Description

This model kit of the successful GT class Group 4 racing car is perfect for modellers and beginners. With a part count of 104 and a length of 179 mm, it is easy to build and is also suitable for beginners.

The Porsche 934 RSR Martini was a successful racing car that was used from 1976. With this true-to-the-original body and the multi-part engine, you can bring the racing feeling into your living room. The separate, movable bonnet and the multi-part roll bar round off the realistic appearance. The rotating wheels make the model even more lively and the decal for the Martini decor makes the racing car look even more authentic.

Features:

- True to original body
- Multi-part engine
- Separate, movable bonnet
- Multi-part roll bar
- Rotating wheels
- Decal for the Martini decor

Scope of delivery:

- Plastic model kit (not assembled)
- Illustrated, multilingual building instructions
- Decals

Background information: The Porsche 934 RSR Martini was a racing car that competed in the Group 4 GT class from 1976 to 1977. The car was based on the Porsche 911 Turbo and was powered by a 3.0 litre engine. The Porsche 934 won many races, including the 24 Hours of Le Mans in 1977. Today, the Porsche 934 RSR Martini is very popular with collectors and fans of historic racing cars.
