### Product Description

The floor model is a replica of the F-35A Lightning II. The JSF Joint Strike Fighter programme was created to develop a new fifth-generation, all-weather, multi-role fighter to replace existing US and NATO strike fighters. The aerospace team, led by Lockheed Martin, developed the single-engine, single-seat F-35 Lightning II. Due to its operational flexibility, advanced on-board technology and impressive project innovation, the F-35 Lightning II will be a reference aircraft in 21st century military aviation.- Detailed 1/72nd scale model kit.- Italeri's high quality kit requires self-assembly.- Self-assembly is guided by step-by-step or illustrated assembly instructions. The assembly instructions are of course included in the delivery.- Based on the assembly instructions, the precisely fitting individual parts must be assembled. The parts can be painted according to your own ideas.- Tools, glue and paint are not included in the scope of delivery of the plastic kit. These must be purchased as an option. Caution! Not suitable for children under 36 months.  
- Size of the model: 21.4 cm- Contents: kit, instructions, decor- Recommended age: 14 years and over
