37025002 - 1:24 RC CAT D7E Bulldozer

from **73,28 EUR**

Item no.: 364045
shipping weight: 0.10 kg
Manufacturer: Carrera

Product Description

With the CAT D7E bulldozer, the work on the building site in the sandpit at home or in the park starts a new round. The approx. 33.5 cm long construction machine ploughs through all obstacles with its large blade and pushes them out of the way. The blade can be remote-controlled in all directions using the controller. This means that nothing stands in the way of demolishing and rebuilding the sandcastle or the self-built house made of building blocks. The rear rippers can be moved manually. Drivers aged 8 and over can clear everything away for up to 40 minutes and draw attention to themselves with the built-in sound function. The LED lighting provides support during night-time construction work.

Details- Scale: 1:24- Age recommendation: from 8 years Specifications- Ready to run- 2.4 GHz technology- Full function- Splash-proof- LED LIGHT- CAT licence Technical data- Length: 335 mm- Width: 205 mm- Height: 150 mm- Driving time: 40 min.
