COBI-2580 - 1280 PCS HC WWII /2580/ SD.KFZ. 186 - HUNTER

from **63,43 EUR**

Item no.: 374037
 shipping weight: 1.50 kg
 Manufacturer: COBI

Product Description

The model of the mighty Jagdtiger tank destroyer was developed on a large scale of 1:28 from 1,280 elements and is 38 cm long. The size of the model made it possible to model parts of the vehicle interior. The model provides access to the service hatch, under which there is a removable engine. Other features include: a cannon that can also be moved sideways, access to hatches for the crew and working chain traction. The model uses high-quality, durable prints with historical markings and details. Such a huge model offers many hours of exciting building and will become a dominant display piece in your collection! The set also includes: a figure of the Jagdpanzerkommandant and a brick with the name of the vehicle. Build history, brick by brick! The Tiger Ausf. B tank destroyer, also known as the Jagdtiger, was one of the most powerful combat vehicles of the Second World War. The Jagdtiger was based on the chassis of the famous Tiger II tank and its main armament was the powerful 128 mm Pak 44 L/55 anti-tank gun, which could destroy any Allied or Soviet tank. The thickness of the armour on the front of the hull was up to 250 mm, which gave it excellent protection against most opponents. Jagdtiger production began in 1943 and the first units went to the front in 1944. The Jagdtiger was an impressive tank destroyer. Its enormous firepower and thick armour made it a fearsome opponent. Today it is one of the best-known and best-researched vehicles of the Second World War.

Details- scale 1:28- recommended age: from 8 years- no. of parts: 1280 Special features- detachable mini motor model Technical Details- made in the EU by a company with over 35 years of tradition- meets the safety standards for children's products- fully compatible with building blocks from other brands- only permanent prints used, no stickers- clear and intuitive instructions based on drawings and symbols Technical specifications- Length: 38 cm / 15?- Width: 14 cm / 5.5?- Height: 11 cm / 4.3?
