shipping weight: 2.80 kg
Manufacturer: Carson

Product Description

The CARSON 1:20 JCB backhoe loader is an accurately reproduced model of the British construction machinery manufacturer JCB. The remote-controlled construction vehicle is fully functional and has moving parts such as the bucket, which can be raised and lowered using the transmitter supplied. The additional light and sound functions, which can also be controlled via the transmitter, make the model appear even more realistic. The backhoe loader is made of high-quality materials and features detailed bodywork, making it a great product for any construction machinery enthusiast. ATTENTION! Please keep this information for possible correspondence. Subject to colour and technical changes. Not suitable for children under the age of three. Choking hazard due to small parts that can be swallowed! Use under the direct supervision of adults. Adult assistance is required to remove the transport locks.
