Product Description

With the E200 motor you always have a reliable spare part ready to give your slot car the performance it needs. It can be used as a standard motor for all your Carrera EVOLUTION cars from 2003 and Carrera Digital 132 cars from 2007. To make sure that your car is compatible with this motor, simply take a look at the spare parts list for the relevant Carrera series. You can also recognise all cars that are designed for the E200 motor by the second magnet in front of the rear axle.
Caution! Not suitable for children under 36 months.
