from **24,34 EUR**

Item no.: 365871  
shipping weight: 0.90 kg  
Manufacturer: Revell

## Product Description

The Tornado forms one of NATO's most successful and versatile weapon systems and has already proven itself in many conflict situations. At the start of any conflict, RAF Tornados equipped with ALARM guided weapons are among the first Allied aircraft to enter enemy airspace on their dangerous air defence mission. Hereafter, other Tornado units can safely follow and fly precision bombing raids and enemy positions. The large 2250-litre auxiliary tanks also give the RAF Tornados exceptional range. Top speed is 1340 km/h at 150 m altitude.

- New shape with extensive external loads
- 2 ALARM guided missiles
- 2 laser guided bombs
- 4 1000 lbs bombs
- 2 large auxiliary tanks
- Sky Shadow Pod and FLIR
- Recessed sheet metal bumpers
