### Product Description

The standing model is a replica of the M5A1 light tank, which was developed from the M3 Stuart light tank and went into production in 1943. The tank was fitted with armour on the right side of the turret to protect the anti-aircraft gun. Around 6,800 units of the light tank were produced and it was primarily used in reconnaissance missions on the Italian and north-west European front. **Caution!** Not suitable for children under 14 years of age.
