510003641 - Model kit, 1:24 Lancia LC2

from **27,17 EUR**

Item no.: 370757
shipping weight: 1.00 kg
Manufacturer: ITALERI

Product Description

The stand model is a replica of the Lancia LC2. The LC2 was built by the Italian manufacturer Lancia to take part in the World Sport Prototype Championship in the early 1980s. The Lancia LC2 is characterised by a clean and elegant design that can optimise aerodynamic performance. It adopted a Ferrari V8 engine prepared by Abarth with two turbochargers and a displacement of 2,599 cm³ (later increased to 3,014 cm³). The car made its debut in 1983 in competitions where it was able to compete in terms of speed and performance with the Porsche cars, the reference point in racing competition at the time. However, its lower reliability had an impact on the results. Many Italian drivers raced the Lancia LC2 before becoming famous in Formula 1 as Patrese, Alboreto and Nannini.

Details- Scale: 1:24- Age recommendation: from 14 years Technical data- Length 200 mm Contents- Kit- Decoration- Instructions Information- The high-quality kit from Italeri must be assembled by the customer.- The independent assembly is accompanied by step-by-step or illustrated assembly instructions. - The assembly instructions are of course included in the scope of delivery.- Based on the assembly instructions, the precisely fitting individual parts must be assembled. - The parts can be painted according to your own ideas.- Tools, glue and paint are not included with the plastic kit.
