Product Description

The Grasshopper II is one of TAMIYA's best-known models from the late 1980s. It is the successor to the legendary Grasshopper I kit. The 2017 reissue includes some updates compared to the original. Required accessories: 2-channel remote control with receiver, standard size steering servo, 7.2V NiMH battery pack, charger, paint for ABS (TAMIYA TS-).
WARNINGS: Before you start assembling, you should have read and understood all instructions. If a child is assembling the model, a supervising adult should also have read the assembly instructions. Tools including knives are used when assembling the kit. Special care should be taken to avoid injury. If difficulties arise during assembly, ask an adult to supervise the work or a model builder with RC experience or a specialist dealer. Only use tools for their intended purpose. There is a risk of injury if used incorrectly. If you use paint and/or glue (not included in the kit), observe and follow the instructions supplied with the kit. Keep the kit away from small children. Prevent children from putting any components in their mouths or pulling plastic bags over their heads. Caution! Not suitable for children under 14 years of age.
