Product Description

The Land Rover Series III LWB 109 in 1:24 scale is a stunning model kit that will delight all fans of classic Land Rover design. With a part count of 174 and a length of 195 mm, this model kit offers a realistic representation of the original Land Rover model.

Authentic replica of the Land Rover Series III LWB 109 with customisable options.

The model offers the option of building a right or left hand drive version and is suitable for children aged 10 years and over. The parts are easy to assemble and the result will be a fully functional and authentic replica of the Land Rover Series III LWB 109.

A highlight of the model kit is the multi-part four-cylinder engine, which gives the model an impressive depth and reality. The decal with various registration plates (D, A, NL, B, F, GB, I, CH, IRL) allows you to personalise the model according to your wishes.

The Land Rover Series III LWB 109 in 1:24 scale is the perfect introduction to the world of model making and a great gift for all fans of commercial vehicles and Land Rovers. Discover the fascination of model building with this unique model kit.

Features:

- Realistic 1:24 scale replica of the Land Rover Series III LWB 109
- Multi-part four-cylinder engine for an impressive reality
- Right or left hand drive version for more personalisation options
- Decal with various number plates for even more customisation

Background information:

The Land Rover Series III LWB 109 is a classic utility vehicle model produced between 1971 and 1985. The model was particularly popular with adventurers and farmers due to its robustness and off-road capability. This model kit gives you the opportunity to recreate a piece of British car history and enjoy the details of the original.

Attention: not suitable for children under 36 months!
