Product Description

Faithful replica of a V8 engine in 1:4 scale - the Visible V-8 Engine model kit is a must-have for every car and model building enthusiast. This kit offers a unique opportunity to understand and discover the function and components of a V8 engine. With its 320 parts, authentic engine display stand and moving crankshaft, pistons and valves, this model kit offers a challenging and educational crafting experience for anyone aged 10 and up.

Features:

- Rubber fan belt and vinyl ignition wires
- Movable pistons
- Screwdriver included
- Authentic engine display stand
- Includes hand crank to operate crankshaft, pistons and valves

Background Information: The first known working V8 engine was produced by the French Antoinette Company in 1904 for use in aircraft, and the 1914 - 1935 Cadillac L-Head engine is considered the first automotive V8 engine. Today, the V8 engine is a symbol of power and performance and is appreciated by many car enthusiasts and racing enthusiasts.

Attention: not suitable for children under 36 months!

- Scale: 1:4
- Age recommendation: 10+
- Number of parts: 320
- Length: 310 mm
