shipping weight: 0.80 kg
Manufacturer: Carrera

Product Description

Carefree drifting at full power! Sometimes the big 1:24 scale slot cars have the problem of sliding off the track when drifting in bends. This can cost a few nerves during exciting head-to-head races. To counteract this, you can widen your race tracks with this extension set. This set contains the outer edge strips for the 3/30° bend. There are six edge strips in total, which can be assembled to form a 180° curve. Two end pieces complete the outer edge strips. The 1:24 scale also indicates the scale of the track on which they can be built. These outer edge strips are therefore suitable for Carrera DIGITAL 124, Carrera DIGITAL 132 and Carrera EVOLUTION.

Details- Scale 1:24- Age recommendation: from 8 yearsCompatible with- DIGITAL 124 - DIGITAL 132 - EVOLUTIONContents- 6x outer edge strips for curve 3/30°- 2x end pieces
