from **78,75 EUR**

Item no.: 364867
shipping weight: 0.10 kg
Manufacturer: Carrera

Product Description

Step into the bend With this steep bend, you can give your racetrack new momentum - in the truest sense of the word. Thanks to the banked design, the slot cars can negotiate the bend at a higher speed than on a flat bend. This means you don't have to brake as hard in exciting races and can carry the momentum through the bend to the next section of track. The set consists of six track sections, each with an angle of 30°. When assembled, this results in an elongated 180° curve that the racers have to negotiate. The supports required to hold the track in place are also included in the set. The track section is also suitable for the 6-lane expansion of your race track. The banked curve has a scale of 1:24 and can therefore be added to race tracks with the same scale: Carrera DIGITAL 124, Carrera DIGITAL 132, Carrera EVOLUTION.

Details- Scale 1:24- Age recommendation: from 8 years- For 6-lane expansion Compatible with- DIGITAL 124 - DIGITAL 132 - EVOLUTION Technical data- 1 piece = 30 degrees- 6 pieces = 180 degrees Contents- 6 pieces
