Product Description

Practical track parts for your Carrera racetrack. These track elements are always on hand if there is a gap between the individual tracks due to bends, jumps or other racetrack features. At 8.6 cm, they are a quarter of the length of a normal straight track and, with their 1:24 scale, are suitable for Carrera DIGITAL 124, Carrera DIGITAL 132 and Carrera EVOLUTION slot car tracks. This track set contains two of these 1/4 straights and should not be missing from your collection as replacement accessories. The short track sections can be easily and simply attached to the existing tracks on your Carrera track.
