Product Description

Real race track atmosphere for your Carrera track! In the VIP floor, you can experience motorsport up close and very exclusively! For an authentic racing feeling, the VIP floor is also the perfect extension for your Carrera track. It allows you to give free rein to your creativity. All Carrera buildings are designed as a modular system and offer many different combination and construction options. The VIP floor consists of plastic construction kits and is very easy to assemble. With the included sticker sheets, you can add the finishing touches to the VIP floor to suit your taste and simply let your imagination run wild. The attachment is suitable for the pit lane (item 21104) and will be delivered to your home.
