from **95,41 EUR**

Item no.: 363864  
shipping weight: 0.10 kg  
Manufacturer: Carrera

### Product Description

Up to four drivers can race on your DIGITAL 124 track, and up to six drivers on the DIGITAL 132 track. So that you can have exciting races with your friends, everyone needs a hand controller. The Wireless Set Single Digital 132/124 is suitable for both DIGITAL 132 and DIGITAL 124 tracks. Thanks to modern 2.4 GHz technology, you can control your vehicle independently of frequency, without interference and with precision. Thanks to the range of up to 15 metres, you are always on the part of the track where the action is. Whether you're changing lanes, negotiating steep bends or performing cool drifts - you're right there. With a playing time of up to 8 hours and a standby time of up to 90 days, the lithium polymer battery provides enough capacity for long-distance racing. The set includes a WIRELESS+ speed controller, a WIRELESS+ receiver, a WIRELESS+ single charging station, an adapter unit, a kerb levelling piece, an end piece for the outer edge of the bend (left and right), a lithium polymer battery and the operating instructions. Ideal for exciting races with your friends.
