Product Description

The end of the world has come. After defeating Magneto, Mister Sinister and Stryfe, the X-Men and the X-Force have returned home and earned a well-deserved break. What they found instead is worse than anything they could have imagined: Professor X is dead, the world is in ruins, and a ruthless tyrant rules over the remnants of humanity with an iron fist. Get ready, heroes, because The Age of Apocalypse is upon us! Welcome to the conclusion of the "Mutant Trilogy" of expansions for Marvel Champions: The Card Game! As the game's seventh campaign expansion, Age of Apocalypse brings a slew of classic X-Men characters to the table, including two new playable heroes, Bishop and Magik, each with a pre-built deck ready to play from the start. Face the forces of Apocalypse, the X-Men's greatest and most powerful enemy. This expansion contains five brand new scenarios, each of which can be played individually or as part of a larger campaign.
