Product Description

This exclusive model kit of the legendary '77 Pontiac Firebird will make the hearts of car and film enthusiasts beat faster! With a scale of 1:25 and consisting of 89 precisely manufactured parts, it brings you a realistic replica experience. With a length of 197 mm and a width of 79 mm, this model is a real eye-catcher. We recommend a minimum age of 12 years for assembly, so that younger modellers can also have fun with this project. This model kit is suitable for both beginners and advanced modellers who are enthusiastic about model building. The detailed design and realistic features make it an ideal item for displays, collections or as a treasured gift for fans of the classic film "Smokey and the Bandit". Before you begin, take a little dive into the history of the original. The 1977 Pontiac Firebird is not only an automotive classic, but also a star of the legendary Hollywood film "Smokey and the Bandit". In the film, directed by Hal Needham, the car became the best friend of the bandit, played by Burt Reynolds. Equipped with a CB radio, the shiny black Firebird served as a faithful companion to help Smokey, played by Jackie Gleason, escape in a heated chase. With this model kit, you can bring a piece of film history home and become part of this exciting story yourself.
