Prime Ring-Binder Playset Black

from **23,17 EUR**

Item no.: 374174
shipping weight: 0.80 kg
Manufacturer: Gamegenic

Product Description

The Prime Playset ring binder is equipped with 3 robust D-rings for binder pages with 24 or 12 standard-sized pockets each. Its Nexofyber surface offers a pleasant feel and is dirt and water repellent. The inside of the Prime ring binder is lined with soft microfibre. The label pocket on the spine of the binder can be fitted with either the label, which can be labelled on both sides, or a standard-sized playing card. This allows the ring binder to be individually labelled. The reinforced front and back file covers form a thick protective layer and ensure the safe storage of any card collection.

- Suitable for all 12- and 24-pocket pages in standard size- Durable D-rings with reinforced hinges- Optimised size for PLAYSET pocket pages- Thick front and back for increased protection- Label slot can also hold a standard playing card- Reversible label on the back for personal inscriptions- High-quality outer and inner material (Nexofyber outside + microfibre inside)
