

Item no.: 362943

## 20030358 - DIGITAL 132 Edge trim connection piece

from **13,49 EUR**

Item no.: 362943  
shipping weight: 0.30 kg  
Manufacturer: Carrera

### Product Description

The edge strip connector offers the option of connecting a position tower (20030357) when using edge strips. The edge strip connector corresponds to the length of half a straight line (17.5 cm) and can only be connected to the adapter unit (20030360), single-lane adapter unit (20030368), multistart lane (20030370) and control unit (20030352). The full range of functions is only guaranteed in conjunction with the Control Unit (20030352).
