

Item no.: 362946

20030361 - Pit Stop Adapter Unit

from **17,92 EUR**

Item no.: 362946
shipping weight: 0.30 kg
Manufacturer: Carrera

Product Description

The pit lane is used for refuelling the vehicles and also for lap counting. Lap counting in the pit lane can be deactivated. The fuel level can only be displayed in conjunction with the Driver Display 20030353. To retrofit an existing Pit Stop Lane 20030346, the Pit Stop Adapter Unit 20030361 is required. For settings and fuelling function, see also the Control Unit (20030352) instructions. The full range of functions is only guaranteed in conjunction with the Control Unit (20030352). For precise handling, please read the instructions for the control unit (20030352). Only in conjunction with control unit 30352. For retrofitting the Pit Stop Lane 30346 when using the Driver Display 30353
