20030370 - Multistart Lane

from **25,84 EUR**

Item no.: 362954
shipping weight: 0.60 kg
Manufacturer: Carrera

Product Description

This makes the race even more realistic. The Multistart Lane provides even more racing fun and excitement on multi-lane tracks (4-8 lanes). The 1:24 scale lane is suitable for the Carrera DIGITAL 124 track and DIGITAL 132 track and accurately counts the laps driven. In addition to counting the laps, the lane also measures the time. This makes it possible to determine exactly who is the fastest. Lap counting and timekeeping at the start and finish line is only possible in conjunction with the Control Unit (article 20030352) and the Lap Counter (article 20030355) or the App Connect (article 20030369). Can you set new best times and leave all your opponents behind?

Details- Age recommendation: from 8 years- Scale 1:24 compatible with- DIGITAL 132 - DIGITAL 124 Special features- Lap counting and timekeeping at the start/finish line Scope of delivery- 1 Multistart Lane for the Carrera DIGITAL 124 and DIGITAL 132 tracks
