

Item no.: 362923 20031094 - DIGITAL 132 Track Cleaning Truck

Product Description

No more dirt!The Track Cleaning Truck ensures that your home slot racing track is never dirty again. The "untwister" truck cleans the tracks directly with a microfibre cloth. The cloth is washable and replaceable, so that the track always shines for future races. The most important party at racesHundreds of races are held every year, including many different drivers and vehicles. But every racetrack also needs its crew, they make sure that the track is always perfectly prepared for the next race, including the Track Cleaning Truck from Carrera. It keeps the home track clean, or can even take part in races itself. It has fully functional front and flashing lights and can also be individually coded and digitally controlled. - Track Cleaning Truck-DIGITAL 132- Front light and indicator- Scale 1:32- From 8 years
